# Installation

Click on the finish button to complete the installation. The Software has been installed in the system.

A close-up, slightly blurred photograph of a laptop screen. The screen displays PHP code, likely for a WordPress gallery plugin. The code includes functions like `wp_get_attachment_url`, `wp_get_attachment_image`, and `esc_attr`. A large, white, cursive text overlay reads "Update Software". The laptop keyboard is visible in the foreground, and the overall scene is dimly lit, suggesting an office or development environment.

# Update Software

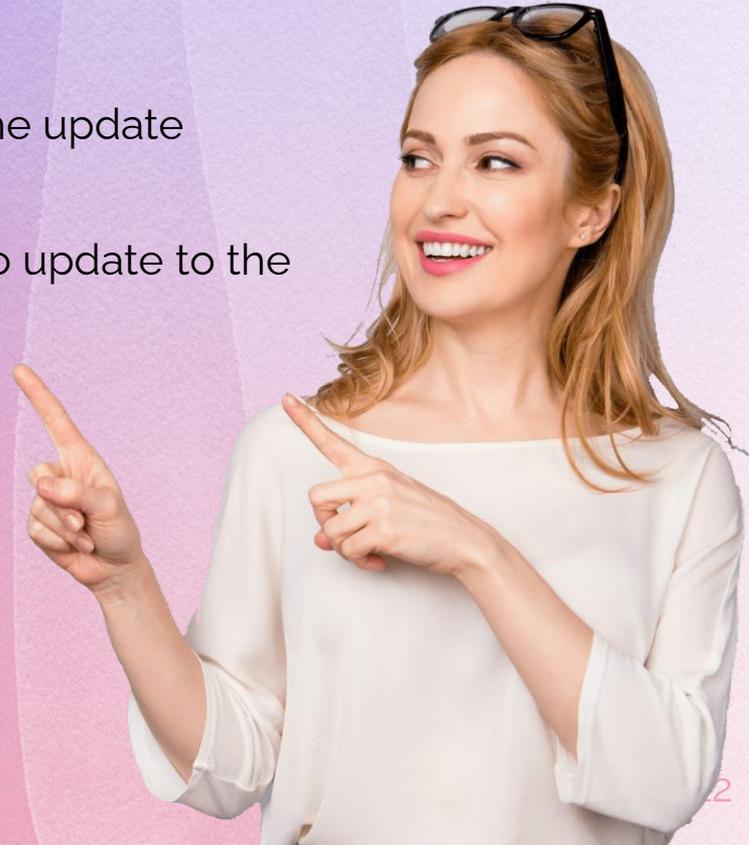

# Software Update

*Forget the  
Traditional way of  
Manual updates of  
the Software and get  
updated with just  
One Click.*

Run Update.exe

The screen will show the update  
version if available

Click on Update Now to update to the  
***Latest Version.***

Current Version :2.1.2910

Software Update ✕

**An Update is available for you**

- Scayles Version 2.1.2915.0 [Update Now](#)

Use of this software is subject to Original License Agreement that accompanied the software being updated

Activate Windows  
Go to Settings to activate Windows.

# Step -2 Activation

Fill the Activation Key and Get the Software activated.

For getting the Activation Key, Kindly Whatsapp at  
8908740002

A top-down view of a person's hands in a dark blue suit jacket typing on a black keyboard. The person is wearing a silver watch on their left wrist and a silver bracelet on their right wrist. The desk is light-colored wood. A laptop is visible in the top left corner, and a monitor is on the right. The word "Setup" is written in a black cursive font on a semi-transparent grey overlay on the right side of the image.
